*List the significant academic contributions (research papers, articles, books) and intellectual properties (patents). Achievement not directly related to this proposed project can be included. Begin with the most recent one. Do not include research papers under submission. Textbooks, abstracts for conferences and address summaries should not be included in this list either.*

*Title and Authors etc.*

*(e.g., For research papers, list the title of the paper, authors, name of the journal, refereed or not, volume number, the first and last page numbers, year of publication)*

*Notes:*

- 1. It is not necessary for above information to be listed in this order shown above, as long as all information is included.*
- 2. You need not list up all co-authors.*
